

# Proudly Independent

We are 100% Canadian-owned and operated, and we work in the communities in which we live. We believe that every Canadian business deserves an office supply partner that understands their needs and their community. As an independent, we have the ability to be flexible in order to offer you more. More Service. More Value. More Expertise. Both for your business and the community.

Thank you for entrusting us with your business – we look forward to many more years of partnership!

Proudly **Canadian** owned. Standing strong for our economy.

# Here's how Canadian businesses keep our communities strong

## **Reduced Footprint**

Businesses reduce transportation impacts associated with global supply chains when they work with local producers, manufacturers and distributors.

## **Banking**

Businesses often keep banking local. Those local banks and credit unions then finance other local businesses and community groups.

#### **Infrastructure**

Businesses have a greater share of operations here, contributing more of their taxes to our essential services like roads, transit parks and community centres.

## **Local Purchasing**

Businesses typically buy marketing, accounting, legal, maintenance and other services from local businesses.

## **Jobs & Wages**

Businesses hire locally, creating jobs and circulating wages.

## **Charitable Giving**

Businesses give up to 5 times more per dollar of revenue to groups in their communities.

**Small change** creates big impacts for our local economy!

>

A **1% increase** in local spending...

Creates **40,300 jobs**...

And **\$1.28 billion** in annual wages

# Elora

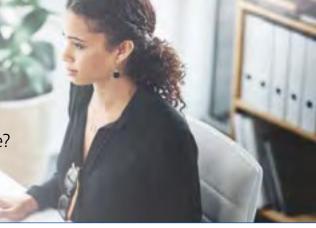

Simple in design and uniquely styled, the Basics® Elora™ Multi-Tilter chair takes comfort to the next level. With adjustability features such as seat, back and height adjustment, and a knitted mesh back to increase air flow, the Elora chair is suitable for most any body type.

# Office Chair **Buying Guide**

Not sure which chair is right for you and your workspace? Let us help you find the perfect chair!

#### **Multi-Tilter**

The most ergonomic choice. Seat and back can be adjusted independently. Tilt tension and height adjustment come standard. Typically comes with many more adjustable features.

#### Synchro-Tilter

Like the Multi, but with fewer paddle adjusters. Seat and back synchronize at a 2:1 ratio. If the back reclines 30°, the seat tilts upward 15° to reduce thigh stress.

#### **Heavy Duty**

These chairs are created for heavy-duty use. They are perfect for areas in shift rotation or for extended use. Reinforced for added strength, these chairs are warrantied for users up to 350 lbs.

#### Mesh

These chairs are available with the same ergonomic options as other chairs, but instead of fabric or leather, they have a mesh back, which allows air to circulate.

#### **Executive/Boardroom**

These chairs are ideal for multi-taskers and those who aren't seated for long periods. With height adjustment and tilt tension control, most pivot from the centre of the seat pan for ease of movement.

#### Operator/Task

Non-tilting chairs ideal for short-duration workstations. Perfect for the home office, warehouse or other areas where the user sits for a short period of time. They typically come with seat and back height adjustment.

# What to look for in an ergonomic chair

Finding the right chair for your body is important for your long-term health and everyday productivity

#### **Recline-Ability**

Reclining chairs reduce pressure on your spine and posterior and provide freedom of movement.

#### Features to look for:

- Back angle adjustment
- Tilt-lock control
- Infinitely adjustable seat angle

#### **Back Support**

Your lower back should fit comfortably against the chair's lumbar support. Your whole back should move easily, improving circulation and allowing oxygen to flow.

#### Features to look for:

- Back height adjustment
- Adjustable lumbar support
- Neck rest

#### **Seat Depth**

If your seat depth is too long, your body will lose the benefit of lumbar support. Too shallow and your thighs will not be supported.

#### Features to look for:

- Seat depth adjustment
- Seat angle adjustment

#### **Adjustable Arms**

Your arms should rest comfortably on the armrests and be parallel to the floor to prevent hunched shoulders.

#### Features to look for:

- Height adjustable
- Width adjustable
- Depth adjustable
- Articulating arm caps

#### **Chair Height**

Your feet should be flat on the floor and thighs parallel to the ground. The height and angle of the seat help you find the perfect position.

#### Features to look for:

- Seat height adjustment
- Seat angle adjustment

Casters allow easy 360 degree movement and can be applied to task, guest and meeting chairs. Hard floor casters are designed with a softer tread that allows the caster to smoothly glide across the flooring without skidding or leaving unwanted marks on the floor. Ideal for hard floors such as laminate, vinyl, hardwood, stone, and chair mats, these casters can also sometimes be used on no pile carpet tile commonly found in commercial offices.

# **Binder Guide**

# **Choose The Right Ring Style**

**ROUND RING** is most common. Standard capacity. Ring is usually mounted to the spine.

**D-RING** holds up to 25% more than round ring. Ring is mounted to the back cover so pages lie flat.

**LOCKING D-RING** provides the same capacity as D-RING. Pages stay securely locked in ring.

**GAPLESS RING** has no gaps. Pages flow smoothly and rings will not open if binder is dropped.

# Choose The Right Page Capacity

RING SIZE	ROUND RING	D-RING	LOCKING D-RING	GAPLESS RING
1/2"	100		120	
1"	175	220	275	
1-1/2"	275	350	400	
2"	375	480	540	
3"	460	600	670	625
4"		700	780	725
5″		950	1050	950
6"		1300	1300	

For inexpensive, long-term storage of the documents you use most!

# FUSION<sup>®</sup> LAMINATORS

Fusion® combines what you want and what you need in lamination. GBC® created a lamination line that incorporates cutting-edge technology with a sleek, modern design. Super-fast, and easy with added value.

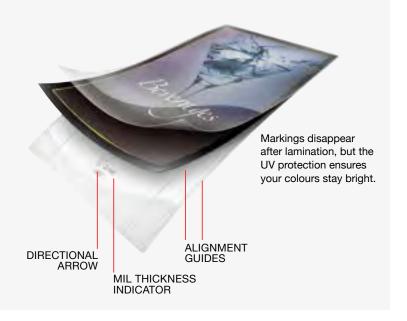

# EZUse™ THERMAL LAMINATING POUCHES

Fast, Effortless Loading!

Take the guess work out of lamination. With alignment guides to make sure your document is always centered, and a machine loading direction arrow, GBC® helps deliver perfect lamination results every time.

# Don't spend time standing by the shredder.

AutoFeed+™ lets you place stacks of paper into the feeder tray, close the lid, and walk away. Your papers will shred automatically while you focus on other tasks. Models range from 60 to 750 sheets and offer super cross-cut (P4) Level Security.

Save time. Secure. Uninterrupted shredding.

#### Corrugate Conformer® Mailers

These corrugate mailers provide the ultimate strength to protect the contents during shipping. They are a great alternative to a corrugate box. The Peel It! Seal It! closure features a heavy duty gum that ensures your package remains sealed until it reaches the recipient. The E.Z. open tear string provides a utensil free easy experience for your consumer. They are made from recyclable materials and are recyclable. The slick modern design provides protection for contents that require 2-inch capacity.

# Heavy Duty Conformer® Mailers

These extremely durable mailers are a great alternative to bubble mailers and poly bags. They feature a Peel it! and Seal it! closure with a convenient E.Z. open tear string for easy access to the package contents. This mailer has a rigid construction that aids in protection. This environmentally friendly product works great when the product contents require up to 2-in capacity.

# Flat / Rigid Board Mailers

Features peel & seal closure with tear string opening. These mailer feature our Peel It! Seal It! closure and E.Z. Open tear string.

These Enviro-LogiX™ mailers are 100% recyclable, FSC® certified and provide the necessary durability to protect the contents without extra bulk.

#### **eCommerce Boxes**

Elevate your packaging experience with our top-quality boxes, designed to combine durability with eco-friendliness. Crafted from sturdy 32pt ECT Kraft/Oyster board, these boxes ensure maximum protection for your products while

maintaining an environmentally conscious footprint. These boxes feature a Peel It! Seal It! closure, an E.Z. Open tear string and are 100% recyclable. Packaged in bundles of 50.

## Find your size

Your mouse should be able to support your full palm from underneath. To find your perfect size, you should measure the length from the tip of the middle finger to the first crease of the wrist.

Length	Your size
21-23 cm (8.25"-9")	Extra Large
19-21 cm (7.5"-8.25")	Large
17-19 cm (6.75"-7.5")	Medium
Under 17 cm (6.75")	Small

#### **①** Adesso® iMouse™ E10 Wireless Vertical Ergonomic Mouse

The wrist-friendly contour of the vertical mouse allows you to hold your hand in a neutral "handshake position", minimizing the development of carpal tunnel syndrome. Adjustable DPI switch and back/forward buttons. Right hand orientation. Scroll wheel with 6 buttons. Plug-and-play mini USB receiver. 2.4 GHz wireless technology with On/Off switch and a range of up to 30 ft. Uses 2 "AAA" battery (included). 1-year warranty. Medium. Black.

#### Posturite Penguin Ambidextrous Vertical Mouse

An ambidextrous vertical mouse. Allows the user to rest either hand comfortably alongside the vertical structure. This encourages the use of the forearm and upper arm to move the mouse, although fine cursor control can be achieved with small hand and/or finger movements. The central 'bow-tie' switch allows for easy transition between right and left handed use. The weight of the hand resting on the base provides control of the mouse, reducing the need to "grip" the mouse and allowing the fingers to remain relaxed while still being in optimum position for clicking. Features include adjustable DPI (400, 600, 800, or 1200) and a precision scroll wheel. USB 2.0. 1-year warranty. Medium.

## HP closed-loop recycling

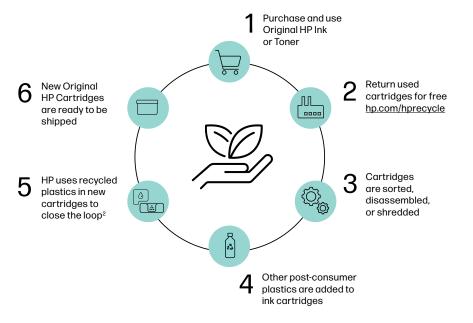

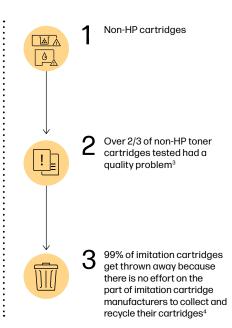

When you choose Original HP Cartridges and recycle through HP Planet Partners, you become part of a more circular, sustainable system—where materials are added and reused to make new products, and no cartridges end up in a landfill.

CIRCULAR ECONOMY

VS

LINEAR ECONOMY

#### BRINGING USED PRODUCTS BACK TO LIFE

In HP's closed-loop process, almost every part of the toner cartridge is either recycled or reused; nothing goes to a landfill. HP combines cartridges returned through HP Planet Partners with other plastics, such as reclaimed ocean-bound plastic bottles, to make new Original HP Print Cartridges and other everyday products. Program availability varies. See <a href="https://example.com/hprecycle.">https://example.com/hprecycle.</a>

#### **END UP IN A LANDFILL**

Nearly 90% of remanufactured cartridges sold will ultimately end up in a landfill because remanufacturers prefer to work with cartridges that have never been remanufactured before.

# DON'T LINDERESTIMATE THE POWER OF A GREAT OFFICE COFFEE

Coffee—caffeinated goodness that can make or break an employee's day. And, great coffee is a valuable office perk that shows you care about your staff's well-being.

That's why we're proud to offer revolutionary brewing technologies along with an incredibly wide variety of K-Cup® blends and brands to please discerning palates.

Furthermore, we've also introduced K-Cycle<sup>TM</sup>, a simple, commercial program aimed at helping companies consolidate pods for easy recycling.

At Keurig®, we create the ultimate beverage experience in every life we touch from source to cup.

K-Cycle<sup>™</sup>

K-Cup® Pod Commercial Recycling Program

# NOT JUST ANY SUPPLIER, YOUR BUSINESS PARTNER IN SUCCESS

## SERVICE EXCELLENCE

We don't just sell you office supplies, we are your business partner. From remembering your name to offering you the ordering method that best suits your business needs, to delivery where and when you need it, we are here for you.

## EXPANSIVE PRODUCT SELECTION

We partner with the biggest and the best in Canada and internationally to provide you with a vast selection of products. Our offerings and professional expertise can help you increase productivity in every aspect of your business. Don't see what you are looking for in these pages? Not to worry, we can get it for you!

#### SUPERIOR VALUE

We might be the office supply store down the street, but we pack a big punch. As part of Canada's largest office product buying group, we are able to provide you with excellent pricing on all the supplies you need. Due to our partnership with the leading manufacturers, we can pass along instant and mail-in rebates directly from the manufacturer to you...our valued customer.

## INDUSTRY EXPERTISE

You deserve to deal with an expert in the field of office supplies - and we bring you the experts! If you have questions on workstations or filing cabinets, breakroom supplies, multi function printers or mice, pump trucks or pallet wrap - contact us, we have the answers on these and all the products we carry.

#### UNMATCHED FLEXIBILITY

We are your business partner; our goal is to meet your every need. As a business owner within our national network, we have the flexibility to respond to your changing needs. From ordering options to supporting local organizations, we will go the extra mile to service you and your unique requirements.
